

## Crop Outlook Brighter Following General Rains

### Veterans of Foreign Wars Post To Head Drive For Boy Scout Traveling Funds

#### Second Place Taken By Hamlin High Play

Play, "When the Whirlwind Blows", directed by Miss Billie Kathryn Lancaster won second place in the Interscholastic League Meet at Abilene, Saturday.

Characters in the play were: Joy Maynard, Francis Martin, Patsy Parker and Jerry Briscoe.

The play was presented to the students of Hamlin High School at an assembly program Friday, April 14.

#### Breakfast Meet Of Hamlin C of C Creates Interest

Hamlin's Chamber of Commerce directors met in a breakfast session Tuesday morning for their April gathering.

The breakfast innovation at an attendance stimulant excited favorable comment and constructive work was performed by a congenial group.

Minutes of previous meetings were read by Mrs. E. M. Wilson, secretary, and were approved as read. Plans were discussed for the promotion of a farm to market road to the west from Hamlin through the oil fields and into Fisher county.

Installation of blinker traffic control lights was also introduced as a topic of consultation and efforts are to be made in interest the city council in such a move. Such controls are considered a necessity to combat the speeding of heavy equipment through the city on its main artery.

Participation in the Lakeview Country Club membership drive was discussed and tabled pending receipt of further information on the project.

The meeting was presided over by President Eddie Jay and had Wesley Nail, president of the infant Jaycee organization and Miller Whitehead as guests.

#### Rotary Hears Gould On Mind-Medicine

Hamlin's Rotary Club met for their regular Wednesday noon luncheon and a large group was present.

Visiting Rotarians were: D. L. Holly, Abilene, John Hearne, Abilene, Dan Parish, Abilene; L. E. Lowden, Stamford; Harley Sadler, Abilene.

Orval Kelley introduced the Junior Rotarian for the month as Jerry Briscoe.

W. L. Hunter Jr. had charge of the program and introduced Dr. Q. Don Gould who spoke on "Phycosomatic Medicine".

Dr. Gould told how the spirit, mind and soul work together and reported on several instances how cures were affected by the use of phycosomatic medicine.

"In many cases" he said hate and fear have caused many, many cases of cancer and those of these type have made strides toward affecting cures.

#### Music Department Slates Spring Concert

Hamlin High School Music Department will give a Spring Concert at the High School Auditorium, Monday, at 8:00 o'clock. Walter Chalcraft, director announced this week.

The High School and Grade School Band will play and the Glee Club will sing during the program.

Proceeds are to go to the Music Department.

W. L. Boyd is preparing to depart for South Dakota where he will transact business in connection with his wheat farming in

### Varied Estimates Made for Crop

Opinions varied among wheat growers in Hamlin following the rains of the previous week as to the potential yield for the trade territory.

Estimates ranged from a minimum of six bushels to the acre to a maximum of twelve according to the developments that follow. It was generally agreed that escape from hail damage would be the contributing factor in these estimates and that weather conditions were too uncertain to venture positive opinions.

Certain sectors of the county offer far better prospects than are anticipated for other sections, of which neighboring counties appear to be hardest hit.

Most growers report that their grain is responding well to the moisture and optimism is expressed that wheat will stay ahead of weeds in growth if further moisture is withheld for a few weeks.

Majority of the growers feel that surveys cannot be offered until a more complete gauge of the resultant growth is available. Time is paramount in all discussion and fingers are being crossed while the waiting goes on.

Indications are that the area northeast of Hamlin offers the most favorable signs of bumper production.

It is estimated that 170,000 acres are planted in wheat within a 20-mile radius of Hamlin, with 25,000 acres centered in the immediate trade territory.

### Hamlin to Escape Postal Economy

In an interview with Postmaster Perry Sparks Thursday morning, it was learned by Herald representatives that Mr. Sparks does not anticipate any major setbacks in the projected city mail delivery as a result of the recent economy moves in the postal department.

The Hamlin postmaster has been notified that an appropriation has been approved to permit the engagement of vehicles for the hauling of parcels post and it was explained that this transaction must be completed before city mail delivery can begin.

Sparks said that he would air mail his acknowledgment of this transaction and that the way would then be open for inauguration of the delivery service. Usual practice of the post office department in matters of this sort is to institute service on either the first or 15th of the month and this led to the belief that deliveries may start in May.

In connection with the interview, Sparks announced that receipts for the Hamlin post office for the first quarter in 1950 are up three per cent over the same period last year.

### Bingham Well Tests As Possible Producer

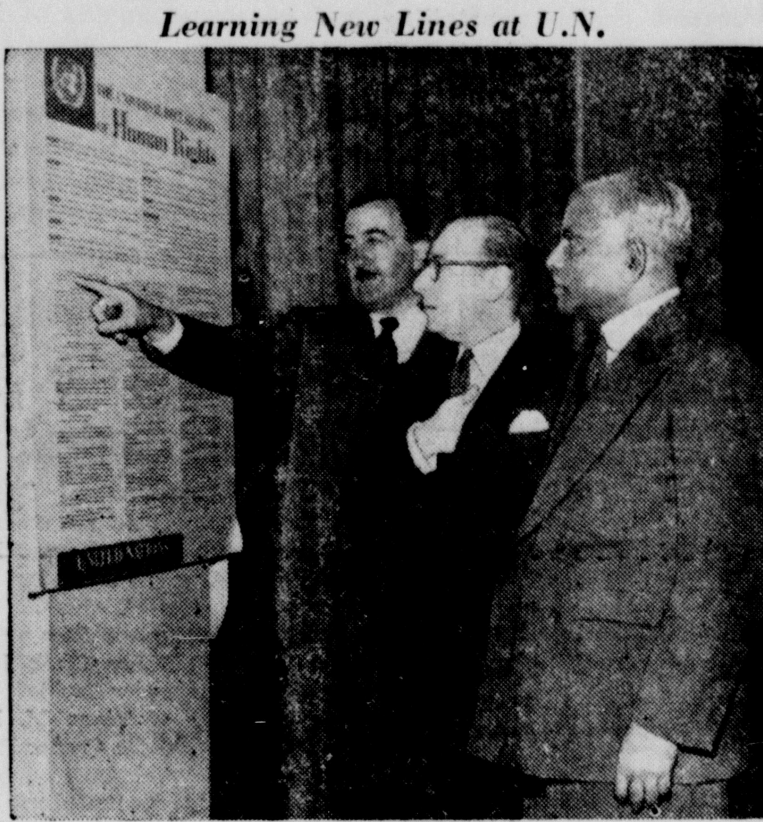

Principal interest of the week in oil circles centered around the J. P. Bingham wildcat, nine miles south of Hamlin. The well is being drilled by Lester & Duffield, Inc.

In a drillstem test from 3,283 to 3,288 feet, with the tool open four hours in the Swastika sand, recovery was approximately 2,000 feet of oil. Gas came to the surface in nine minutes.

With no water appearing, owners set pipe with anticipation of making a commercial producer from the well.

Principal lease holders for the area surrounding the well are Lester and Duffield, G. H. Brody and Plymouth Oil company.

Grapevine rumors have indicated that considerable wildcat activity is to be started within the next 60 days.

Learning New Lines at U.N. Sir Cedric Hardwicke, distinguished British actor, came to U.N. Headquarters to view at first hand the work of the Economic and Social Council. He plays the starring role in "All Your Strength," a radio program based on the work of the Council, first of a series of documentary radio features produced by the United Nations. Above, ECOSOC President Hernan Santa Cruz of Chile (left) is pointing out to the visiting actor and to Sir Ramaswami Mudaliar of India an important phrase in the Universal Declaration of Human Rights.

### County Agent Reports On Agricultural Outlook In County After Recent Rains

Agricultural outlook for Jones County has been greatly improved by the recent rains, according to a report received by The Herald from Bill Lehmborg, county agent.

County as a whole averaged over four inches of moisture and there has been very little runoff. This points to a very favorable growing season, continues the agent.

Wheat and other small grain will respond to the moisture but the yield will be reduced in many cases due to premature heading. Improved varieties such as Triumph, Westar, and Wichita have held up better under the droughty conditions than Blackhall in most cases. Fields that were grazed are showing a remarkable recovery and should produce well. Some greenbug and red spider damage has shown up but the dry weather during the early growing season hit wheat and oats the hardest.

A check made Saturday to see the difference in moisture absorption on land that had been subsoiled and that which had not. In this case water was standing in the middles on the land not subsoiled, but on subsoiled land only a few puddles of water could be seen.

Subsoiling and deep plowing with moldboards have been a popular practice this spring and each should pay dividends. In the sandy and mired sandy areas, checks made show that land which had been plowed with a moldboard so as to turn up clay and loam greatly reduced blowing as compared to land that was one wayed.

Other practices adopted to increase yields and substitute for reduced acreages include the use of fertilizers, summer fallowing, planting summer legumes, such as crotonaria, guar and sweet clover.

### Ray Willingham To Wed In Childress

Of interest to Hamlin residents of Hamlin will be the announcement that Ray Willingham is to be married Sunday.

Bride of Willingham will be Rosemary Chunn of Amarillo and the ceremony is to be performed by an uncle of the bride, Dr. Marcus Chunn of St. Mark's Methodist church, Houston. Dr. Chunn is conducting a revival at the First Methodist church in Childress.

Mr. and Mrs. Willingham will travel extensively for a time and will then establish their home in Amarillo. Willingham has been associated with the TIPRO oil organization and will resign his position to enter business in Amarillo.

Mrs. A. Tinsley and son, Marvin and family, of Fort Worth, were week-end visitors to friends and former neighbors.

### Brownwood Goal Of Hamlin Track Group

Hamlin's contingent of track athletes is scheduled to leave today for Brownwood for competition in the regional track meet in that city.

The squad which will represent Hamlin in the meet have been keeping tuned for the events by daily workouts following baseball practice. In a workout Tuesday following the Anson baseball game the group appeared sharp and is confident.

Boys who comprise the squad are Donald Green, Don Rowland, Harold Johnson, Asa Goodgame and W. T. Stapler.

The Brownwood meet is the only block to participation in the state meet at Austin.

Mr. and Mrs. Mark Hubert of Merkel visited with Mr. and Mrs. Hob Hunter Sunday. Hubert is a Magnolia employee.

## Water Level Boosted As Creeks Feed Lakes

### Hamlin's Colored School Wins Awards In Abilene Held Class C School Meet

#### Local Firemen Attend Association Meet

Several Hamlin firemen attended the Midwest Texas Firemen's Association held at Roscoe April 6, 1950.

Those who attended were: Mr. and Mrs. Clyde Riley, Mr. and Mrs. Bill Thompson, Mr. and Mrs. Jack White, Mr. and Mrs. John Edwards, Mr. and Mrs. Sol Branscum and Weldon Hudson.

#### Pipers Whitewash Anson in Opener

Definite superiority was evident in Hamlin's first home engagement of the Pied Piper baseball nine in their game with Anson Tuesday afternoon.

Joe Allen Dean and Asa Goodgame combined to shut out the Anson club in seven innings. Final score was Hamlin 9, Anson 0.

Play was spotty in the performance of both nines, having its moments of brilliance and weird intervals as well. High point of the game occurred in the sixth inning when Anson loaded the bases when Goodgame lost the plate by virtue of walks. With the hassocks loaded and no outs, the side was retired without a score.

Superior base running and baseball savvy paid off for the Pied Pipers in that they were able to spike the rubber nine times with only seven hits registered.

Fletcher at third base, with a three for three hitting total and Stapler, catcher, with two for two, took hitting honors for the day. Sugar Green was the object of horseplay from his mates when he was "horse collared" with four strikeouts by Anson's hurler.

Jerry Briscoe and Robert Fletcher were outstanding for the Pipers in defensive play and Pittard was clearly the class of the Anson aggregation.

### City Drug Store Changes Owners In Sale This Week

Negotiations were completed Tuesday wherein the City Drug Store was sold to C. L. Howard, Quanah druggist, and Mr. Howard assumed immediate control.

Work incidental to inventory of present stocks was carried on without interruption of service to customers of the store and the transaction was the subject of little comment on the streets of Hamlin.

Howard has announced that there will be no change in personnel or policy of the store other than departure of Harold Caldwell, who had made his arrangements to leave Hamlin prior to completion of the transaction.

A program or minor redecoration of interior of the establishment will be instituted but this will be accomplished without any shutdown in service.

The new management announced that a registered pharmacist is to be a feature of the new personnel, a duty which Mr. Howard will fulfill personally.

Mrs. John Ed Day, former owner, will continue in her association with the store.

Mrs. Howard and their daughter, Cynthia Ann are temporarily visiting relatives in Post and will be in Hamlin at the expiration of their visit.

Cass Rowland, father of Brad Rowland, Sr., has been entered in Hendricks Memorial Hospital, Abilene, where he will undergo surgery.

### Conditions Ideal For More Storage

As a result of saturation of the terraces and tanks in the watershed adjacent to the new lakes, Hamlin's problem concerning a city water supply was somewhat simplified by rains of last week.

First portion of the rainfall was absorbed in soaking the watershed before the feeder tributaries started their flow into the lake.

Official gauge of the resultant rise in the lakes was placed at 22 inches by officials of the city closely identified with the water department.

Conditions are still considered to be favorable for additional rise in the water level if additional rains fall before the watershed has an opportunity to dry out to such an extent that another soaking down is necessary.

Relief was general after the rise as a water crisis is believed to have been eliminated and reports were that the water level had reached a low point exceeded only once since the building of the lake reservoir.

Meantime further study is being conducted of the various alternative plans offered in solution of Hamlin's water problem.

Information received here is that the Paint Creek project does not offer sufficient assurance of solution in its present form and alternative measures are being discussed here and in other communities in this section.

### Waggoner Drug Installs Fountain

Waggoner Drug Store has been busy during the early portion of the week installing a new Bastian-Blessing soda fountain as a replacement to their old equipment.

Failure of vital parts of the old fountain would have necessitated major repairs and a resultant interruption to business in that department of the store.

Shipment was rushed of the new equipment and it was necessary that it be installed before arrival of the counter and front portions of the fountain. Service has been instituted from temporary installations pending the arrival of these parts.

Color scheme of the missing refinements of the fountain will be in harmony with tables and chairs which had been previously installed.

Feature of the new fountain is the gleaming stainless steel trim of its receptacles.

### BOOSTERS TO SYLVESTER. Hardin - Simmons University rodeo boosters will give a western musical show at Sylvester around 10:15 a. m. Saturday a report to The Herald states.

### Fund Furnishes Flannel for Finland

As part of its world-wide drive to aid underprivileged children and mothers, the United Nations International Children's Emergency Fund (UNICEF) has been providing supplementary food, shoes and garments for the children of Finland. Here, Finnish school girls make dresses for their schoolmates from flannel provided by UNICEF.

### U.N. Mission Inspect African Colonies

Members of a United Nations Visiting Mission to West Africa set out to inspect conditions in a plantation labor camp in the British-administered Cameroons in West Africa. U.N. now exercises overall supervision over the administration of 11 colonial territories which have been placed under the U.N. Trusteeship System.

## VERY LITTLE VELVET

Th retail merchant—the man who has been cursed out mentally by so many of us because he's had to charge high prices for his goods—has some problems on his hand. In a number of lines both prices

and sales have been slipping. The buyers' market is back, and competition gets constantly tougher. And, as a general rule, the balance between profit and loss is delicate.

This is borne out by a study made by a life insurance company. The study deals with the financial operations of

food chains, but the points it stresses are applicable in some degree to all kinds of retailing. In the case of the food outlets, the average mark-up is a third less than before the war, and averages 17 cents out of each consumer dollar taken in. Of that 17 cents, close to 16 cents is spent for wages, rent, advertising, taxes shrinkage and spoilage, and other unavoidable costs. The balance—one to one and one-half cents—is all that is left for profit. The survey observes that a material drop in either prices or total volume would result in "red ink," because increased wage and other costs have created a break-even point which is much higher than before.

The extremely modest unit profit earned by retailers is a logical development. The high dollar volume that has characterized post-war retailing has made it possible to show a satisfactory total profit even when unit profits are microscopic. Then, the relentless and growing force of competition has forced all merchants to offer inducements—in price, in service, or in something else—in order to keep

their trade from marching off down the street. That couldn't happen in a controlled economy. It can and does happen in a free economy.

## STEER ISN'T ALL STEAK

The American Meat Institute has published a chart called "The Saga of the Steer" which is designed to help consumers understand why there is such a wide spread between what packers pay for beef on the hoof, and what is charged for such luscious cuts as steaks at the butcher's on the corner.

If steers are selling at 26 cents per pound, the packer pays \$260 for a 1,000-pound animal. It dresses out to 600 pounds of beef and, curiously enough, he sells the meat to the retailer at \$252. That is not accomplished by financial legerdemain—the difference between what he paid for the animal and what he got for the beef is made up by the value of by-products, such as fats, hair, hides, etc.

Sarah Bernhardt, a famous French actress, was called "The Divine Sarah."

Alabaster is a white, marble-like mineral.

Alderney, Guernsey, and Jersey are islands off the coast of France famous for their cows.

Giuseppe de Verdi composed 27 operas.

## Cancer Clinic Lists Best Means For Cancer's Control

If available means for diagnosis and treatment of cancer are adequately used, a great saving of lives can be affected.

That is opinion given from a report from Dr. R. Lee Clark Jr., director and surgeon-in-chief of the University of Texas M. D. Anderson hospital for Cancer Research.

Dr. Clark says successful use of those means are dependent on the following factors:

1.—Dissemination of exact knowledge about cancer to the public at the community and individual level.

2.—Realization by individuals of the need for immediate action if warning signs of cancer appear.

3.—Knowledge that every physician's office is an actual and potential cancer detection center.

4.—Insistence that primary treatment must never be a compromise but be adequate and radical, if necessary, will all removed tissue being examined by a pathologist.

5.—General availability to the patient of the cancer team—pathologist, internist, roentgenologist, and surgeon.

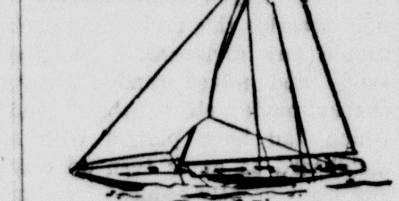

6.—Assumption by both physicians and the general public of personal responsibility for being alert to, and conscious of, signs of early cancer.

## Death Comes To Lewis B. Holden

Lewis Barnes Holden, 67, died at the home of his daughter, Mrs. Claude Bessire, last Wednesday, at 4:00 p. m.

He was born in August 4, 1882 in Mason County and later came to Stephens County with his family. He here met Miss Unie Stewart who became his wife April 3, 1905 at Wichita Falls.

Mr. Holden was converted and joined the Methodist Church in 1909. He came to Jones County with his family in 1915 and located in the Dovie community where he has had his church membership ever since.

Services were conducted at the Hamlin First Methodist Church, by Dr. Will C. House, pastor and Rev. Davis Edens of Anson and Rev. Alvis Cooley of Lubbock. Opening prayer was by Rev. Alice Harrell of Jackson, Mississippi, formerly of Hamlin.

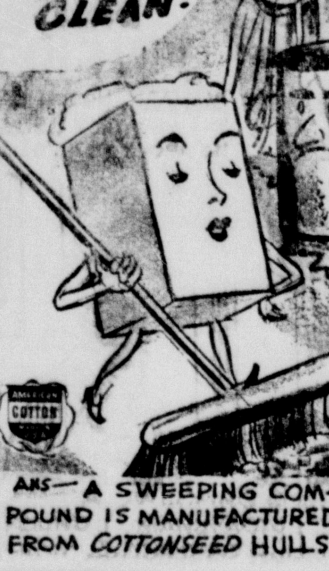

Pallbearers were: O. L. Cohorn, Loy Nelson, Gerald Renfro, Rawleigh Bond, Benson Payne, all of Hamlin and R. E. Bessire of

McDaniels and Miss Maybelle McDaniels of Abilene; Mrs. W. T. Binion, Commerce; Mr. and Mrs. John R. Whiteley and family, Amarillo; Mrs. Clarice Gentry, Anson.

## INCOME DROPS.

Reduced crude oil production in Texas caused the volume of business and earnings of Humble Oil & Refining Company to drop sharply in 1949. Net income for the year was \$120,479,500. 35 per cent less than in 1948 a report shows.

## Final Staging of Firemen's Play

Much merriement marked first production of the home talent play "Aunt Silly," presented under the auspices of the Hamlin Volunteer Fire Department last night.

Final curtain on the comedy will be at 8:01 tonight and the well coached cast should be even better in their second performance.

Actual performance of the play is interspersed with a series of variety acts ranging from performance of first grade students to a sweater girl revue staged by a group of males in female regalia.

Feature of the Friday night production will be the presentation of elected Boy Scout king and Camp Fire queen along with the princess of the Bluebirds.

Chickenpox Time Is Here Says Doctor In Describing Symptoms of Disease

Has chickenpox come your way? If it has, or if it does come your way in the future, the first thing to do is to call your physician, says Dr. George W. Cox, state health officer, in a report to The Herald this week.

Chickenpox is a common communicable disease caused by a virus. It occurs most frequently in the winter and spring among children less than 15 years of age. The virus is present in the discharges from the mouth and nose and from the small blisters which contain a watery fluid. Chickenpox is very contagious and is probably spread by direct contact with the patient.

Chickenpox begins from about 14 to 21 days after exposure, usually with feverishness and loss of appetite. Within about 24 hours, the skin breaks out in small raised rose-pink spots which change into blisters. The blisters quickly become crusted with scabs which eventually fall off. The scabs are not contagious. Each crop completes its course from rose-pink spot to crust in from two to four days.

Scratching or picking at the blisters may cause serious sores and disfiguring scars. The doctor will probably suggest a remedy to relieve the itching, which may be severe. Usually the child is not very ill and begins to feel better in from one to three days.

Warning—Chickenpox is an entirely different disease from smallpox. But when a person has not been vaccinated, mild smallpox is sometimes mistaken for chickenpox, because the early symptoms are strikingly alike. Smallpox is a serious disease which spreads rapidly among unvaccinated persons.

At the first signs of what appears to be chickenpox, call your physician so that an early diagnosis can be made. If he finds that the patient has smallpox, prompt vaccination may save the other members of the family and outsiders, who have been exposed, from an attack of the disease.

QUESTIONS AND ANSWERS  
Q—My brother was blinded while in service during World War II. Is he entitled to anything to help him overcome his handicap?

A—A blind veteran entitled to compensation for a service-connected disability may receive, at Government expense, a guide dog and various other devices necessary to assist him overcome his handicap.

Q—If I go to a private physician to determine whether I need hospital treatment or domiciliary care, will the government pay the cost of examination?

A—The Government will pay the cost of examinations by private physician only if Veterans Administration has given the physician prior authority for such examination.

Q—How much time do I have in which to complete my education under the provisions of the GI Bill?

A—Your education, under benefits provided in the Service men's Readjustment Act must be completed nine years after July 25, 1947.

Q—What is the maximum period of training a disabled veteran may receive under the provisions of the Vocational Rehabilitation Act?

A—Four years is the maximum, but Veterans Administration may extend the time if factors in any case warrant an additional period for the rehabilitation of the disabled veteran.

Q—I have been drawing \$57.50 each month from my \$10,000 War Risk Insurance since my discharge from the Army after

SHE USED TWO SOAP POWDERS, A GREASE DISSOLVING SOLUTION, BLEACH AND BLEACH WATER IN THE MACHINE FOR 45 MINUTES. UPON REMOVING THE ROMSON AND TRYING IT, THE LIGHTER DID NOT WORK PERFECTLY ON THE FIRST SNAP.

**Give to the DAMON RUNYON CANCER FUND**

World War I. Are such payments discontinued after the \$10,000 is exhausted?

A—No. Payments may be continued for the remainder of your life, provided your total disability remains unchanged.

Q—I would like to appear before the Rating Board to explain my own claim. May I do this?

A—Yes, but a definite appointment should be made and you should be there at the time for which the hearing is designated. Expenses incidental to going to or from the Rating Board hearing must be borne by you.

Q—Why do I have to pay the two monthly premiums instead of one when I reinstate my lapsed National Service Life Insurance policy?

A—One premium is for the 31-day grace period following the date of lapse, during which the insurance was continued in force without payment of premium; the other is for the current month of your insurance policy's reinstatement.

Q—My son, a World War II veteran, is in a VA hospital in a distant city. Will I be permitted to visit him every day if I go to live in the city where the hospital is located?

A—Yes, if his condition permits such visits. All Veterans Administration hospitals have special hours set aside each day for visitors, the same as civilian hospitals.

## POLITICAL EXPEDIENCY AND DEBT

If by some miracle out of a Thousand And One Nights, the genie of Aladdin's fabulous lamp were to appear before me and grant one wish—and one only—I think I should wish that the financing of government be removed from the realm of expedient politics for at least the next 10 years. It would be the greatest blessing that could come to the 150,000,000 people of America in these crucial times. But Aladdin's Lamp is merely a beautiful fairy tale. And big spending politicians are a bold reality, as yet unbridled.

Its doubtful that there are more than a handful of people outside Washington who know the full facts about the spending program being persistently pressed on Congress by the executive department. To get the facts and correlate them would require a considerable staff of specialists. And to present the findings in an objective manner, justifying public acceptance, would require non partisan handling. Fortunately, such a study has been made and such an objective report has been presented—by the staff of the Senate's own Committee on Executive Department Expenditures.

### Shocking Facts.

The facts revealed are enough to shock every free and independent person in the country. If the Congress should enact the 15 new major spending programs being urged by the President, the aggregate annual cost within the next five years would exceed \$25,000,000,000. The Committee staff added this figure to the requested regular budget of \$40,000,000,000 plus and got \$65,000,000,000 plus, or about 30 per cent of the earnings of all the people of the United States.

Some of the costliest new items being urged are: national health insurance, \$7,000,000,000 a year; social security expansion, costing \$6,000,000,000; housing and public works, \$1,400,000,000; the Brannan farm program, \$6,000,000,000; aid to education, \$560,000,000 (to be very rapidly expanded), etc. The total new \$25,000,000,000 is recommended in spite of the fact that the executive department is already deficit spending to the tune of \$5,000,000,000 to \$6,000,000,000 a year, and the national debt has climbed beyond the quarter trillion dollar mark.

The People Must Pay. A report on the Committee's findings was made to the Senate by Committee Chairman John L. McClellan. The Committee's study of the new program costs and the present budget showed,

## POLIO PRECAUTIONS

RECOMMENDED BY  
THE NATIONAL FOUNDATION FOR INFANTILE PARALYSIS

WHEN POLIO IS AROUND, the National Foundation for Infantile Paralysis recommends these simple precautions: Keep children with their own friends and away from people they have not been with right along. Don't become exhausted through work or hard play. Don't stay too long in cold water or sit around in wet clothes. And always wash hands before eating. Watch for feverishness, sore throat, headache, upset stomach or sore muscles. They may—or may not—mean polio. Call your doctor and then, if help is needed, contact the National Foundation Chapter in your area.

he said, "that to support such expenditures on a pay as you go basis will impose a tax burden of \$433 annually for every man, woman and child in America. This, added to the amount of taxes already levied for State, County and Municipal governments will make the annual tax obligation of the American people more than 40c out of every dollar they earn."

### No Aladdin's Lamp Available.

The executive department has just recommended costly new increases in unemployment compensation payments (to \$120 monthly) and a revision making it possible for idle workers to draw the payments six months out of the year. One commentator who reported the news from Washington said political observers considered the recommendations as a gesture "for making political capital for this year's

## Agent Stresses Necessity of Brown Leaf Control Now

Now is the time to begin control of brown leaf spot of pecan trees, Bill Lehmborg, county agent, reported to The Herald this week.

Symptoms of this disease are large, circular or irregular reddish brown to black spots on older leaves appearing about mid summer. In severe cases, the trees may become entirely defoliated in late season.

Control of this disease consists of three spraying of Bordeaux mixture.

Congressional elections." But I think we'd better take it a lot more seriously than that.

Certainly there can be no question about the fact that too much government spending, at all levels of government, is based on a prime consideration of political expediency. To heap new spending programs on top of the present, staggering federal budget is outrageously unsound. Though there isn't any Aladdin's Lamp, if the public actually becomes awakened to the seriousness of this they will put a stop to it.

The first spray, two pounds of copper sulfate, one-half pound of hydrated lime and 50 gallons water should be applied when leaves are about one-third grown and before pollen is shed.

When the brown tips of the small nuts are visible, about 10 to 15 days after the first spray, use three pounds copper sulfate, one pound hydrated lime and 50 gallons of water. This spray should be repeated in four weeks.

If commercial Bordeaux mixture is used, the directions on the container should be followed.

Rome was founded in 753 B. C.

## Mealtime MARVELS

## SHRIMP CURRY AND RICE LOAF

You don't have to live near the ocean to enjoy the luxury of delicious shrimp dishes. Just look on your grocer's shelf and you will see cans of shrimp that can be turned into inspired main dishes with little effort. You'll find canned shrimp a big success when you serve this.

**Shrimp Curry and Rice Loaf**  
2 cups cooked rice  
1 can shrimp  
1 onion, thinly sliced  
3 tablespoons fortified margarine  
2 tablespoons flour  
1 cup tomatoes  
1/2 teaspoon salt  
1/4 cup water

Prepare shrimp for cooking. Peel the onion and slice in thin slices. Melt the margarine in a heavy pan. Add flour and make a rich golden brown roux. Add onions and brown lightly. Add salt, curry powder, and shrimp. Stir until shrimp are well coated in the roux, and none is left in the frying pan. Dissolve the bouillon cube or meat extract in the water and combine with tomatoes. Push the shrimp to one side of the pan and add the tomatoes. Bring the shrimp back into the sauce; lower heat and cook very slowly 10-15 minutes. Taste for seasonings and add more salt and pepper, if needed. Serve with rice. For other tempting, nutritious food ideas, send today for your free copy of "Mealtime Marvels with Margarine," a helpful, 32-page recipe booklet in two colors. Write National Cotton Council, Box 76, Memphis, Tenn.

Mr. and Mrs. A. A. Hackley returned last week from Beeville where they visited her mother, Mrs. E. S. Jones.

## Officers Installed By VFW Auxiliary

Mrs. Bernice Townley, president elect of the Veterans of Foreign Wars Post 6014 was hostess Thursday night to a meeting for installation of officers.

Mrs. Inell Huff, retiring president, was in charge of the meeting.

Elective and appointive officers were installed by the Department President, Mary Pat Bird of Abilene. Accompanying her was Erma Kirby, President of District 8, Abilene, who made her annual inspection at this time.

Appointive officers for the ensuing year are: Mrs. Ruby Scarborough, secretary; Mrs. Jean Watson, patriotic instructor; Dorothy Townley, color guard No. 1; Clara Woods, color guard No. 2; Edith Ely, color guard No. 3; Marine Smith, color guard No. 4; Mary Hymer, historian and Mildred Howard, musician.

Highlight of the meeting was the presentation of gifts by Bernice Townley to the two guests and retiring president, Inell Huff. Following installation of officers a buffet supper was served from a table laid with a lace cloth over yellow.

Table decorations was an arrangement white and yellow wickered iris flanked each side by hand carved wooden candle holders from Calcutta that held yellow candles.

Next meeting will be Monday at 8:00 p. m. at the Post Home.

## H-SU TO HOLD OPEN DAY.

April 29 will be "Open Campus Day", new name of the 27th annual senior day program, held on the Hardin-Simmons University campus. Several students of Hamlin High School are expected to attend and all are invited.

Mr. and Mrs. Starr Inzer and Jimmy spent the week-end in De Leon.

## Hamlin Garden Club Installs New Officers

Hamlin Garden Club met in the home of Mrs. Joe Culbertson, Friday, April 4. Highlight of the meeting was installation of new officers.

Leader for the day was Mrs. C. P. Yates who presented Mrs. Carl Young. She gave, "Special Suggestions for April." "Bed Tray Arrangement" was given by Mrs. J. P. Morgan and Mrs. Dick Maberry.

Mrs. Luther Marr, past president, installed the new officers for the incoming year.

Officers installed were: Mrs. LaFoy Patterson, president; Mrs. A. A. Hackley, vice president; Mrs. M. T. York, second vice president; Mrs. E. D. Perrin, recording secretary; Mrs. E. J. Hawkins, corresponding secretary; Mrs. R. D. Moore, treasurer; Mrs. L. T. Marr, reporter; Mrs. A. G. Irwin, parliamentarian; Mrs. C. G. Green, historian; Mrs. H. O. Castle, librarian.

The Garden Club will close the season with a 3:00 o'clock Tea and Book Review by Mrs. L. E. Dudley of Abilene in the home of Mrs. W. C. Russell, May 12.

## FHA State Meet To Draw Hamlin Group

Five from Hamlin's Chapter of Future Homemakers of America plan to attend the annual state meeting in San Antonio next Thursday, Friday and Saturday.

Theme of the meet is "Future Homemakers Ahea Toward New Horizons."

Around 6,000 are expected with 852 chapters to be represented.

Those planning to attend from Hamlin are: Oleta Kite, local president; Joy Maynard, Allene Reynolds, Anita Johnson and Mrs. James E. Simmons, sponsor.

## Mrs. Maberry Hostess To Literary Club

Womans Literary Club met in the home of Mrs. Dick Maberry, Friday, April 7.

Meeting was opened by Mrs. L. H. McBride who led in the reading of the club collect.

During the business session, the club voted on their course of study for the ensuing year.

Mrs. Tarlton Willingham gave a parliamentary procedure drill.

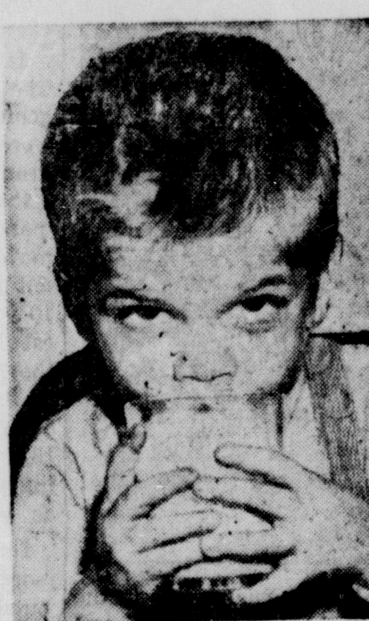

Mrs. J. N. Burditt Jr., was the program director for the day.

Roll call was answered by each member displaying an antique and explaining why it meant something to her.

Mrs. W. T. Johnson gave a part on "Southwestern Folk Lore."

Those present were: Mrs. W. A. Albritton, Mrs. Buren Carlton, Mrs. Art Carmichael, Mrs. Stan Carmichael, Mrs. H. O. Cassle, Mrs. Edgar Duncan, Mrs. I. R. Huchingson, Mrs. A. G. Irwin, Mrs. Ernest Jenkins, Mrs. R. D. Moore, Mrs. Bowen Pope, Mrs. Bill Shira, Mrs. O. R. Riddell, Mrs. J. N. Burditt Jr., Mrs. Johnson, Mrs. Maberry, Mrs. McBride, and two visitors. Miss Norma Rossen and Mrs. Harry Pitzer.

Mrs. Florence Morgan, Mrs. C. C. Prater and Mrs. R. H. McCurdy are visiting in the Orville home in Oklahoma City, Oklahoma. While there they will attend the Ice Show.

**SAVED FROM STARVATION...**  
Vincenza Schielzo, 4, was saved from starvation by New York S.P.C.C. investigators. Her little brother starved to death. A third child of Mary and Guy Schielzo was well-fed.

## RECITAL THURSDAY.

Jere Lynn Irwin will present Kay Shelburne and Wyvonne Conner in a piano recital next Thursday evening in the home of Mrs. Delma Shelburne. The public is cordially invited.

Mr. and Mrs. Tom Holman had as their week-end guests Mr. and Mrs. W. M. Manley of Cotulla, also Dr. James Holman of Dallas.

## Service Class Meets In Bryan Home

Service Class met in the home  
of Mrs. Paul Bryan for their regu-  
lar business and social meeting  
with a covered dish luncheon, Ap-  
ril 5.

Several members were present  
and three visitors attended. Visi-  
tors were: Mrs. W. R. Wilkerson,  
Mrs. Duffield Smith of Dallas and  
Mrs. W. B. Boyd.

Business meeting followed the  
luncheon and Mrs. O. L. Wal-  
lace brought the devotionals.

Roll call was answered by each  
with a funny joke.

A little token of remembrance  
was given to Mrs. H. A. McWright  
one of the members of the class,  
who is moving to Lubbock.

## Celotex Young People To Present Play

Young people of the Methodist  
and Baptist Churches of Celotex  
have begun rehearsing a play en-  
titled "So Help Me Hanna" to be  
presented in May.

The play a domestic comedy in  
three acts. Mrs. Hattie Warnell  
and George Campbell will direct.

Those participating are: Linda  
Wallace, Willie Gascomb, Hub  
Hopper, Peggy Briscoe, Jerry  
Briscoe, Adie Bond, Lester Camp-  
bell, Geraldine Whitley, Frances  
Martin, Juanita Early, Johnnie  
Renfro, Patsy Dunn, Wesley  
Campbell, James Wright, J. R.  
Rhoten and Joyce Dunn.

Joint Hostesses Stage  
Abilene Luncheon

Mrs. Holly Toler and Mrs. Aus-  
tin Poe were hostesses to a lun-  
cheon held Saturday at 1:00 o'clock  
at the Ann Smarts home in Abi-  
lene.

Rooms and table were decorat-  
ed in irises. A three course lunch-  
eon was served.

Those present were: Meses. O.  
D. Roland, W. C. Russell, C. C.  
Prater, John D. Ferguson, Stan-  
ley Carmichael, Art Carmichael,  
Henry Albritton, Jim Howard  
King, Elmer Feagan, Dudley  
Griggs, Jack Harden, Jimmy  
Simmons and the hostesses.

## KITCHEN MEMO

BY JEAN CLARKE

The label of "boardinghouse dish"  
has been tagged to Trifle too long.  
When correctly made, it's a fit de-  
sert for the most epicurean dish-  
company into a shallow serving dish  
pour 1 cup sherry. Then put into  
dish 1 single layer sponge cake  
(two or three days old) cut into  
fairly thin slices, spread with  
currant jelly, raspberry or straw-  
berry jam. While cake soaks up  
the wine make a boiled custard:  
Scald 3 cups milk in top of double  
boiler. Beat 3 eggs with 1/4 cup sugar  
and 1/2 tsp. salt. Pour the hot milk  
over this stirring constantly. Put  
back into top of double boiler, cook  
over medium flame. Stir contin-  
uously until just barely thick. Re-  
move and stir in 1/4 tsp. vanilla.  
Let cool with cover on, then pour  
over cake in wine. Chill well. Deco-  
rate with dots of jelly or jam and  
whipped cream if you wish. 4 gen-  
erous servings.

Several families in multiple  
buildings can share an average size  
gas incinerator because it burns up  
three bushels of garbage per hour.  
Operating cost is low.

Simple cheese sauce: Heat 1 cup  
evaporated milk over hot water,  
pour into 1/4 lb. grated cheddar  
cheese. Stir gently until smooth.

Mushrooms shrivel up and toughen  
unless they are cooked quickly over  
a low flame.

A once-a-year check by an expert  
service man will keep the flues of  
your gas space heater clean and  
unblocked.

## CHAPEL CHOIR PROGRAM

It was announced early this  
week that the Hardin-Simmons  
University Chapel Choir of Abi-  
lene will give a program at the  
Hamlin First Baptist Church at  
8:00 p. m. Euell Porter noted di-  
rector will conduct the group.

Saint Augustine, Florida, is the  
oldest town in the United States.

Romeo's family name was Mon-  
tague.

## Friendship HD Club In Regular Session

Members of the Friendship  
Home Demonstration Club met  
Friday at the Community Center.  
Mrs. M. S. Johnson discussed  
"Pest Control and Storage of  
Clothes."

Mrs. Cecil Brown gave a dem-  
onstration on storing winter  
clothing.

Those present were: Mrs. Roy  
Brown, Mrs. Harry Gardner,  
Mrs. D. W. Carlton, Mrs. Cecil  
Brown, Mrs. Grady Smith, Mrs.  
W. J. Kemp, Mrs. James Brown,  
Mrs. M. S. Johnson, Mrs. Sol  
Branscum, Mrs. John Hix, Mrs.  
J. E. Johnson and Mrs. Elbert  
Fomby.

Next meeting will be April 28  
at the Community Center. Time  
will be at 10:00 a. m. with a cov-  
ered dish luncheon. Program of  
the day will be the using and  
testing of pressure cooker.

Lady Godiva rode naked thru  
the streets of Coventry to protest  
onerous taxes on her husband's  
subjects.

El Dorado was the fabulous  
city of gold which early Spanish  
explorers sought in South Ameri-  
ca.

## FHA Chapter Elects Officers for Year

Hamlin Chapter of Future  
Homemakers of America elect-  
ed new officers at an luncheon  
meeting Tuesday.

Eleanor Huchingson was elect-  
ed president; Oletha Kite, past  
president, was elected vice president;  
Laura Courtney, secretary; Adell  
Altum, parliamentarian; Janie  
Anglin, historian; Louise May, re-  
porter and Doris Butler, song  
leader.

The new group of officers will  
be installed in a general assembly  
May 4.

The group also voted to elect  
an FHA Beau. All classes in high  
school are to participate and votes  
by the penny will be counted.

## ON HONOR ROLL

### Townley Serves On Abilene Federal Jury

Everett Townley and W. T. Johnson are serving on the federal jury at Abilene this week. The Abilene session is held for the northern district of Texas.

Court is presided over by Federal Judge T. Whitfield Davidson.

Seven towns claim to be the birthplace of Homer the great 9th century B. C. poet.

Gyroscopes are used to stabilize ships.

### Lions View Safety Films As Program

Lions Club members were recipients of a very thought-provoking demonstration on farm safety at their Tuesday meeting.

Through arrangements negotiated by Delma Shelburne, representatives of the Texas Employers Insurance Association and Employers Casualty Co. headed by Hugh Monroe, brought a film titled "Miracle of Paradise Valley." The film dealt with accident hazards as encountered on the farms of the nation and established the

### Jessie Myers Is Booster Chairman For HSU Event

Jessie Myers, daughter of Mr. and Mrs. R. M. Myers of Sylvestor, and formerly of Hamlin, has been selected as the booster trip chairman of Frontier Week which will begin on the campus of Hardin-Simmons University, Abilene Monday.

Miss Myers, a senior, is a member of the Rodeo Association which sponsors this western affair and is climaxed by a rodeo held at the new Carl Myers Memorial Arena. She has also participated in rodeos in the past.

A horsewoman, Jessie is one of the five pretty coeds that ride the six white horses of the university. The sixth is ridden by Sheriff Will Watson, the originator of the six white horses.

Miss Myers has won the Stamford and Coleman rodeos in the past along with others. Some of her major prizes have been two saddles and a Hobbs trailer.

She was elected queen of the University in December and is active in the Cowgirls, a pep organization on the campus.

Grover Cleveland served two non-consecutive terms as President of the United States.

Dykes are used in the Netherlands because much of the country's area is below sea level.

fact that practically all injuries suffered from accidental causes are the direct result of carelessness.

The film was also shown in the afternoon to Hamlin high school students and to the Western Compress & Storage Co. and to the employees of the Midwest Cooperative Oil Mill.

About forty minutes were consumed in the projection of the picture at each showing.

### Vic Vet says

PAY GI INSURANCE PREMIUMS ANNUALLY, SEMI-ANNUALLY, OR QUARTERLY INSTEAD OF MONTHLY... IT'S EASIER AND SAVES YOU MONEY

### High School Honor Roll Released With Large Group Listed

Honor roll of Hamlin High School for the past six weeks, according to B. V. Newberry, principal, is as follows:

Those taking five subjects with an A in all subjects: Anita Johnson, Jere Lynn Irwin, Eleanor Huchingson, LaVerne Bond, Dorothy Altum and Patsy Parker.

Those with five subjects with an A average: Donna Miller, Ynell Decker, Gwen Norris, Margot

### COMPLETES TRAINING

Betty June Taylor, daughter of Tom Taylor, has completed her training with the Southwestern Bell Telephone Company at San Angelo. She was in Hamlin for a visit with relatives and friends before assuming a regular position with the company.

Louis XIV was a member of the Bourbon family.

Patterson, Vera Tidwell.

Those with five subjects at an average of B: Roberta Wilkins, Beth White, Earl Pritchard, Faith Simpson, Janice Agnew, Ray Sunrall, Key Bessire, Marylyn Fletcher and Robert Bonner.

Those taking four subjects with an A in all subjects are: Angela Malouf, Kenneth Kelley, Betty Best, Paul Wick, Maxine Crawford, Marvin Johnson, Ann Holt, Don Crowley, Robert Angel, Carl Young Jr., Duane Hill, Sarah Jean, Doyle Bringer, Jim Harwell, Dorothy Turner, Donald Green, Laura Courtney.

Those having an A average are: Asa Goodgame, Donald Rowland, Waylon Woolf, Arleen Durkee, Mary Willingham, Laverne Meeks, Glen Smith, Nona White, Ann Watts.

Those with B average are: Douglas Woolf, Milton Crow, James Eddie Jay, Margaret LaBaume, Norma Brown, W. T. Stapler, Jerry Carr, Angela Touchon, Jerry Lee, Joe Ray Rosenbaum, Carol Ann Ulmer, Jon Adams, Marshall Bevans, Jo Ann Carroll, Tobye Sellers, Louise Snapp and Nettie Turner.

### Thoughtful Gifts

This pensive Junior Red Cross member is packing one of the more than 400,000 gift boxes sent to needy children abroad last year.
